VIGILANCE!

TO BE PRECISE, one who is truly vigilant is one certainly worth his salt. Likewise, he is one who can conceivably be worth his weight in gold—or any precious commodity of similar value. This is particularly the case when the citizen is alert to that which is *within*, as well as *without*.

The significance of true vigilance simply cannot be underestimated. It is incalculable, and invaluable to economic, political and military preparedness—as well as to the health and prosperity of the *Citizens of the Heart, Foundation and Vulnerable of the Realm*™.

Lord Granger™ is vigilant!

A NARROW PRISM Secretive and Baleful

THERE IS NO DOUBT that a reliant citizen can sense the face of that which is restricted to even a narrow viewing through a secretive and baleful crystal—now and then with the deficit of but one eye at his disposal!

Consequently, any seasoned and thus truly observant citizen *In the Land of Granger's Birth*™ can clearly discern that there is a cold and calculating shroud lying upon and camouflaging insidious political, economic and military goals that certain cruel and selfish advocates seek to create and implement for malevolent purposes.

Beneath this ominous shroud is a disguised and pleasantly sweet smelling—yet sickeningly horrific objective—that of reducing society *In the Land of Granger's Birth-* to nothing more than what would be merely the decadent and fading remains of an infected—and thus horribly diseased and disfigured—body politic.

It is this malignant worth placed upon the realm by those just mentioned, that goes unrecognized by the politically, economically and militarily naïve. This lack of awareness is deplorable, whether it be the end result of a first or even last unsophisticated read-through and perusal of that which is all too often swirling all about them. These ignorami are the political dolts who are so often reproduced like lines of impotent toy soldiers from within the *Citizens of the Headship of the Realm™*.

Said cancerous objective is stealthy, and often goes undiscovered because of its very transparency. Even when finally obvious to most, it is taken to be merely symbolic by said naïvely unsuspecting political lumps—those who are so easily blindsided by their own unfortunate and annoying gullibility.

In short order, of course, that shadowy aim is deceitfully achieved, culminating in the very real and decaying corpse that is at the root and core of the intent of the *internal nemesis* and *external archenemy* facing off against *Wayfarer™*. These threats intend to literally stamp out and destroy—fully and completely—the realm's saving graces that are associated with *economic beneficence* and *military deterrence*.

The latter are the two focal points of all of *Wayfarer's™* philosophy, goals and objectives during these uncertain days, an uncertainty that extends to the *Citizens of*

the Headship, Heart, Foundation and Vulnerable of the Realm™ – although the vast majority simply can't see what is coming. And what is coming is being facilitated by a self-destructive few at the top of the ladder.

Likewise, their intent is to prevent the realm's most revered and important document from being returned to its place of safekeeping in an archive capable of forever protecting and preserving its straightforward yet brilliantly symbolic provisions.

Wayfarer™ is acutely aware of what is happening at the apex of the hierarchical pyramid!
